Primary 2 Term 2
Involving pupils in their learning

This is the third in a series of six literacy lesson plan publications, designed to be used throughout the three academic school terms.

#### •

#### Introduction

Good teaching can help learners achieve positive outcomes, even in difficult circumstances. But learners have little chance of making progress where the teaching is poor.

Throughout 2010 in Kaduna State, the Ministry of Education carried out baseline surveys to assess classroom teachers, head teachers and pupil learning outcomes. Sadly, the findings were alarmingly poor. It was clear that despite substantial inputs into education, the majority of teachers were themselves victims of an education system that was in a serious downward spiral.

Following this research, the State Ministry of Education, the State Universal Basic Education Board and local government education authorities, supported by the Education Sector Support Programme in Nigeria (ESSPIN), embarked on a series of reforms to strengthen schools.

To improve the teaching of basic literacy and numeracy in primary schools, Kaduna is introducing a carefully designed series of literacy and numeracy lesson plans for primary 1—3 teachers. These provide a step-by-step guide to teachers, while ensuring that teaching and learning become more exciting and children become active learners.

Alongside the lesson plans, structures and processes have been put in place so that teachers are continuously supported by the State School Improvement Team and specially-trained school support officers.

I am confident that these lesson plans will raise standards in our schools. I commend all those who have worked hard to produce these plans and train our teachers to use them, and I offer thanks to the UK Department for International Development (DFID) for its ongoing support for education reform in Kaduna State through its ESSPIN programme.

## Involving pupils in their learning

Learning is a process that happens inside pupils' brains, not inside yours. All you can do is create a good environment for learning, a safe place for making mistakes and plenty of encouragement.

Things that are created by the learners themselves are usually 10 times more memorable and meaningful than anything created by the teacher.

#### How children learn

These lesson plans will provide you with a variety of techniques to make learning faster, fun and more effective for pupils. The plans use activities which reflect the way in which pupils naturally learn and attempt to bring the joy back into learning for them.

Every individual in your class responds to activities differently and learns their own way, but generally...

Children learn best when they:

Have objects to see and hold.

Take part in the lesson.

Can talk to each other to share ideas and learning.

Practise what they have learned individually, in pairs and in groups.

Are given activities that challenge them and make them think.

Are given encouragement and praise.

Realise that making mistakes is an important part of the learning process.

This set of lesson plans contains lots of activities to encourage learning through different methods.

Here are three little fingers and they go 'tap, tap, tap' on Wednesday / (continue through the week, increasing by one tap each day)
Here are five little fingers, resting on Saturday and Sunday.

#### The greedy tortoise

One beautiful morning a tortoise went walking.

At 8 o'clock, the tortoise felt very hungry.

At 9 o'clock he saw some lovely yams in a field.

At 10 o'clock he was eating the delicious yams.

At 11 o'clock the farmer saw the tortoise eating his yams.

At 12 o'clock some women saw the farmer chasing the tortoise. They all clapped and cheered.

#### Simon says

Tell the pupils that if you say 'Simon says' they should obey you.

Tell them that if you don't say 'Simon says' they should on the chalkboard and not obey you and will be out of the game if they do.

Say, 'Simon says, put your hands on your head'.

If the pupils do not put their hands on their head, they are out of the game.

Say 'stand on one foot'. The pupils who stand on one foot are out of the game.

Repeat until only one pupil is still in the game. She is the winner.

#### **Guess the word**

Ask one pupil to wait outside the classroom while the others stand in a circle.

Point to one of the words check that all the pupils know its meaning and can do an action to demonstrate the word.

Ask the pupil to come back in and stand in the middle of the circle.

Don't tell them what the word is.

The other pupils should mime the word.

The pupil in the middle has to guess the word and point to it on the chalkboard.

Repeat until three or four pupils have had a turn.

#### **Colours**

'Red' means 'stop' and the pupils must freeze.

'Green' means 'go' and the pupils must walk round the room.

'Amber' means 'walk on the spot' and the pupils must walk on the spot.

Say the three colours randomly and ask the pupils to do the correct movement when they hear each colour.

Repeat three or four times.

### Learning outcomes

# By the end of the lesson, most pupils will be able to:

Say the sound that the letter blend 'ea' makes.

Use 'morning', 'afternoon', 'evening' and 'night' in sentences.

#### **Teaching aids**

#### **Before the lesson:**

Write the list of 'ea' words on the chalkboard and draw a picture.

Read the 'Clapping' rhyme, 'The days of the week' and 'Early in the morning'.

Make a set of flash cards containing the phrases 'in the morning', 'in the afternoon', 'in the evening' and 'in the night' for each group.

#### **Letters and sounds**

#### Whole class teaching

Flash the 'qu' revision words, saying them with the pupils.

Ask the pupils to stand in a circle.

Say the 'Clapping' rhyme and ask the pupils to watch, listen and join in.

ea

Read the words on the chalkboard.

Ask the class if they notice a pattern of letters that appears in each word ('ea').

Choose someone to underline these letters on the chalkboard.

Explain that the letters make the sound 'ea', as in eat.

Sound out the words carefully and ask the pupils to join in.

In pairs, tell the pupils to take it in turns to say an 'ea' word for their partner to write.

#### Introduction

#### Whole class teaching

Ask the pupils to say 'The days of the week' rhyme.

Ask them if they can tell you the words for different times of the day, eg: morning, afternoon, evening, night.

Show and read the flash cards with the words written on them and ask four pupils to hold them up so everyone can see them.

Ask the pupils to point to the phrase that answers the following questions:

'What time of the day do you wake up?'

'What time of the day do you come home from school?'

'What time of the day do you go to bed?'

'What time of the day do you sleep?'

## Main activity

#### Individual task

Hold up one of the flash cards, ask the class to help you read it, and tell the pupils to draw one thing that happens at that time.

Ask different pupils to say what they have drawn, using the phrase, 'In the morning, I \_\_' or 'In the evening, I \_\_'.

Ask pupils to copy the words on the card underneath their picture and finish the sentence in their own words.

Repeat the activity for each time of the day.

Ask two or three pupils to read out their sentence.

## Plenary

#### Whole class teaching

Ask some pupils to mime what they do in the morning, afternoon and evening while other pupils guess what they are doing.

Sing 'Early in the morning' with the pupils, doing the actions together.

#### Whole class teaching

Show the class the clock and ask them to tell you what it is used for.

Ask them to count up to 12 with you as you point to the numbers on the clock.

Tell them these are the names of the hours on the clock.

#### Whole class teaching

With the aid of the clock, explain that when the long hand points to the 12 we say 'o'clock', eg: 'the time is 4 o'clock'.

Move the little hand and ask, 'What time is it?'

Tell them to reply with a sentence, eg: 'It is \_ o'clock'.

Repeat with the rest of the numbers.

Move the big hand to the 6 and explain that when the long hand points to the 6 we say 'half past', eg: 'the time is half past 4'.

# Make times showing half past and ask, 'What time is it?'

The pupils should reply, eg: 'It is half past 7'.

Ask if anyone can come out and make 4 o'clock, 7 o'clock, 5 o'clock, half past 3 and half past 6.

#### Pair task

Give each pair a large round circle and two sticks to use as clock hands.

Show the clock you made to the pupils and ask them to write the numbers carefully in the correct positions.

Tell them to make times on the clocks and ask their partner, 'What time is it?'
The partner should reply with a sentence, 'It is \_\_'. Swap roles after five questions.

## **Lola's birthday**

### **Learning outcomes**

### By the end of the lesson, most pupils will be able to:

Spell words containing 'oi' and 'oy'.

Write sentences using 'is' and 'are'.

### **Teaching aids**

#### **Before the lesson:**

Prepare a set of alphabet cards for each group.

Write the words with 'ov' or 'oi' on the chalkboard.

Have ready the flash cards from Day 3.

### **Letters and sounds**

15 minutes Oy Oi

### **Group task**

Give each group a set of alphabet cards.

Say a word with the letter blend 'oy' or 'oi'. Ask the groups to use the cards to spell the word.

When they have done one word, ask one pupil from a group to read out the spelling and the rest to check whether their spelling is correct.

Repeat with the rest of the words.

Read this sentence to the pupils slowly: 'Oil in the soil will spoil it'.

Ask them to write it in their exercise books as you read it again slowly.

Repeat with 'I enjoy my toy'.

In 2008, Kwara State carried out a Teachers' Development Needs Assessment for all primary school teachers. This showed that most teachers in Kwara State did not have strong literacy and numeracy skills. The Kwara State Government responded by developing a strategy to support existing teachers and improve new teachers' pre-service training.

These literacy and numeracy lesson plans, developed by the Kwara State School Improvement Team, were part of that strategy. Two years after introducing these plans alongside the training and support programme, Kwara State began to see strong improvements in teachers' teaching skills and pupils' learning outcomes.

#### Special thanks go to:

The Honourable Commissioner and staff of the Kwara State Ministry of Education and Human Capital Development, as well as the Kwara State Universal Basic Education Board for their support and valuable input and for agreeing to share these plans with other states.

The UK's Department for International Development (DFID) and the DFID-funded ESSPIN programme for their input, focus, guidance and constructive criticism throughout the development of the plans.

Thanks also go to the teachers of Kwara State who have used these plans to bring about change in their classrooms.
