Literacy lesson plans Primary 1 Term 3 Assessment for learning

This is the sixth in a series of six literacy lesson plan publications, designed to be used throughout the three academic school terms.

Introduction

Teaching and learning processes in Kwara State have improved as a result of the introduction of the new lesson plans developed by the State School Improvement Team (SSIT). The recent improvement in the quality of education in Kwara is a direct function of quality teaching.

Evidence of improved teaching quality includes an increase in the number of pupils completing basic education and a general improvement in literacy and numeracy levels. Teachers in Kwara have experienced tremendous professional improvements through training and refresher programmes on the new lesson plans, facilitated by SSIT and school support officers (SSOs).

۲

These lesson plans, designed and edited by Education Sector Support Programme in Nigeria (ESSPIN), have become Kwara teachers' classroom companion.

As teaching manuals, the lesson plans have been designed to provide a step-by-step guide in the teaching of literacy and numeracy. The lesson plans promote more collaborative, interactive, participatory and reflective learning to encourage children to become active learners.

I am sure that continuous use of these lesson plans by teachers will raise the standard of our education in Kwara State and also assist in consolidating the new administration's education reform. I therefore appreciate the contribution of the UK Department for International Development (DFID), through ESSPIN, in designing, editing and producing the lesson plans.

Assessment for learning

Effective assessment supports learning, giving all pupils the chance to be successful learners.

Assessment in the classroom happens all the time, it is an ongoing process. It helps you to find out:

What your pupils have learned.

How well you are teaching.

How to plan your next steps of teaching.

What your pupils are doing well and what they need to practise.

In every lesson you should walk round the classroom and ask questions to see if the pupils clearly understand what you have taught them. If they do not, then you should help by explaining the idea to them again – maybe in a different way or with another example, or you could ask another pupil to help them.

Assessment used each day in the classroom gives you a much broader picture of your pupils' ability and progress. It also helps to give your pupils a sense of achievement, helping them to understand what they can do well and what they still need to practise.

There are many ways that you can assess your pupils' knowledge and understanding:

By observing.

۲

Using careful questioning.

Through discussion with individuals, pairs or groups of pupils.

When marking work produced by individual pupils.

Looking at exams at the end of a term.

In every classroom there will always be some pupils who learn faster than others. When you read the learning outcomes for each day, think about which of your pupils will achieve them at the end of the lesson and which of them will need more time to achieve the learning outcomes.

As you get to know your pupils you will be able to plan how you can help each pupil to do their best in every lesson.

Spelling tricky words

Look carefully at the word. How many letters has it got? Are there any dangly or tall letters? Can you sound any letters out? Air write the word.

Say the word five times.

Hide the word.

Write the word.

Check the word carefully. Well done if it is correct, but if any letters are wrong change them.

Look at the word again carefully and repeat the steps if necessary.

Tortoise and the dog story

Market story

Once upon a time it did not rain for a long time. The crops did not grow. There was very little food to eat. One day, Tortoise told his wife that he was going to get food. He told his friend Dog to follow him to a farm. Yams were growing on the farm. Dog took two yams and ran home. Tortoise kept packing more and more yams into his big bag. Suddenly the farmer came. He was very cross. It is not good to steal or take things that do not belong to us.

۲

On Saturday afternoon, Simbi is sent to the market by her mother. Simbi has to buy a pineapple for the family to eat.

At the market place, Simbi sees a lot of shops where many things are sold. She also sees many buyers and sellers. The buyers are busy moving from one shop to the other. A hen is pecking corn. Simbi sees Mustapha. Mustapha is buying fish for his mother. It is hot and Simbi cannot see a pineapple. Simbi is sad. At last Simbi sees a woman selling pineapples. The woman is Simbi's friend. Simbi plays with the baby. The woman is happy to see Simbi. She gives her some sweets.

۲

The woman is also selling rice, yams, beans and fish. Simbi buys a pineapple. The woman gives Simbi her change. Simbi goes home happy because she has the pineapple and her sweets.

Questions

1 Who sends Simbi to the market?

2 What can Simbi see at the market?

3 What is Mustapha buying?

4 What is the woman selling?

5 What is the hen doing?

6 What does the woman give Simbi?

Answers

1 Simbi's mother sends her to the market.

2 Simbi can see a lot of shops.

3 Mustapha is buying fish.

4 The woman is selling pineapples.

5 The hen is pecking.

6 The woman gives Simbi sweets.

Flash the tricky word cards.

Write 'I can run. I can hop.' on the chalkboard.

Read the sentences and do some actions to explain them.

Display the 'l' card.

Explain that **1** is an important word, is written with a capital '1' and has a different sound from 'i' in 'it', 'sit', 'big', etc.

Ask the pupils to read the sentences and do the actions with you.

Ask them what else they can do and write their answers like this, eg: 'I can jump.'

In pairs, ask them to draw a picture of something they can do.

Write underneath it, 'I can __.'
